

SUCCESS STORY | MANAGED DETECTION AND RESPONSE

Boosting cybersecurity for a top chair manufacturer with SIEM

About the **client**

The client is a leading chair manufacturer in North America with a legacy of over 25 years. The enterprise is known for their innovation, unparalleled build-to-order solutions, and industry-leading 2-day delivery

times, and a strong focus on value. The industry leader owns a group of brands with award-winning and best-selling products.

40% reduction in SIEM implementation time through device log compatibility

100% SIEM coverage for both on-premises and cloud infrastructure

24X7 monitoring for capturing endpoint activities Protection of IT infrastructure and applications

Challenges

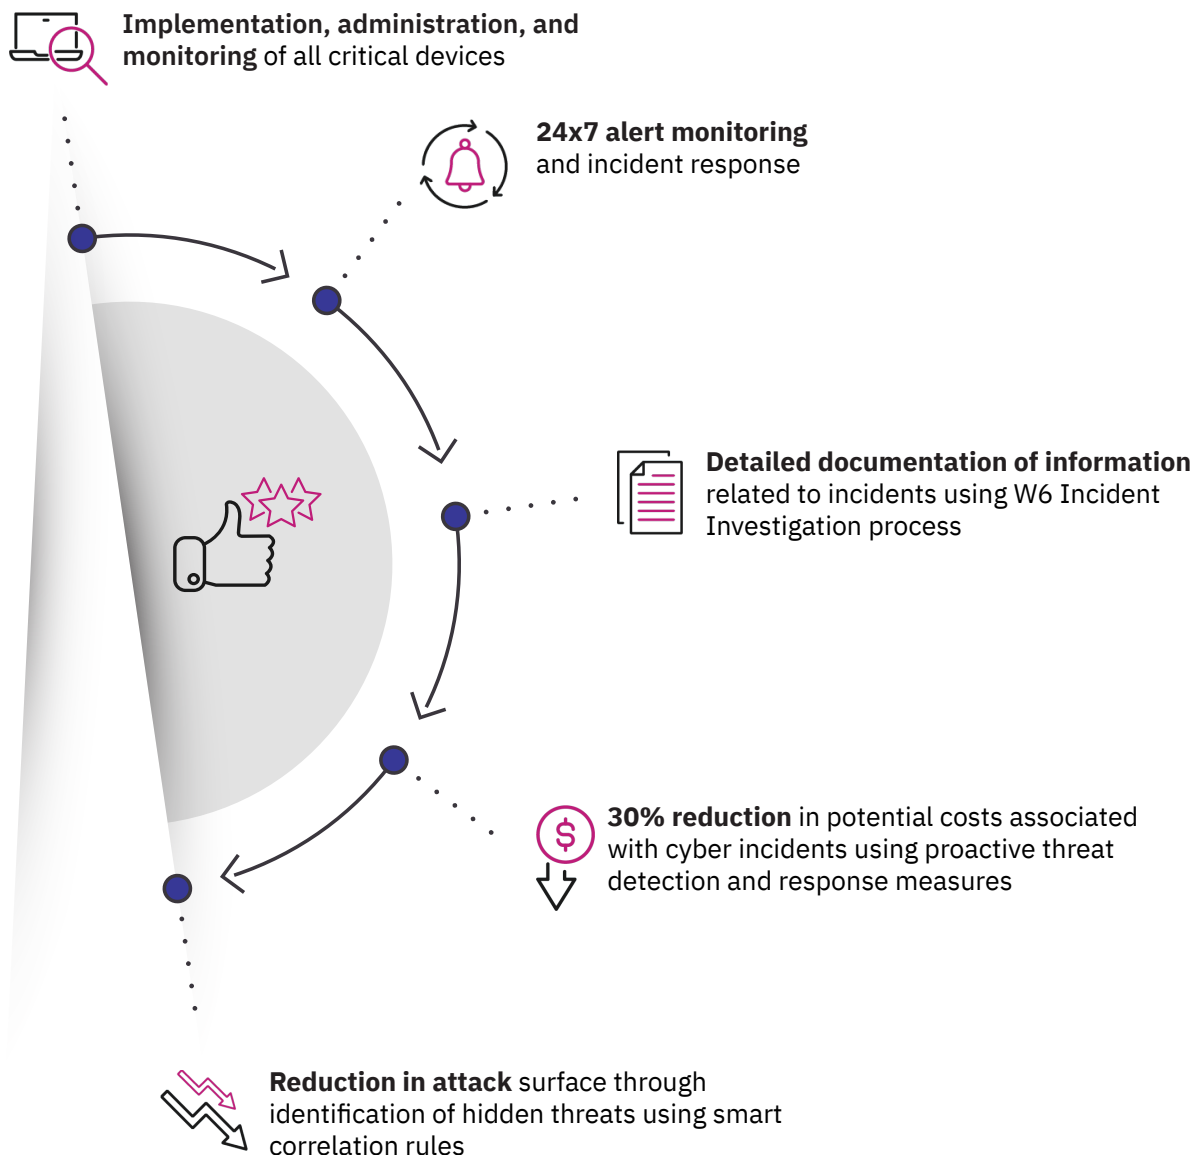

| | | |
|--|---|--|
|  <p>Lack of proactive threat monitoring</p> |  <p>High risk of reputation loss from compromised data</p> |  <p>Absence of a well-defined incident handling framework</p> |
|  <p>Absence of in-depth investigations</p> |  <p>Limited to no critical use cases for threat detecting and response</p> |  <p>Lack of centralized log management and correlation</p> |

Solutions

- Implemented 24x7 event monitoring and incident response for safeguarding over 100 critical components of the IT infrastructure
- Established an in-depth incident handling process and procedures tailored to address high, medium, and low-severity incidents proactively
- Designed and deployed customized dashboards and Standard Operating Procedures (SOPs) aligned with the client's specific investigative needs
- Monitored and managed the Endpoint Detection and Response (EDR) solution
- Monitored and troubleshoot error log sources from various devices, ensuring uninterrupted security

Outcomes

About **Aujas Cybersecurity**

Aujas Cybersecurity - An NSEIT company empowers clients with enhanced security resilience by minimizing the potential for attacks, threats, and risks. We specialize in architecture risk analysis, comprehensive threat modeling, rigorous penetration testing, and secure coding guidelines. By partnering with us, you can strengthen your security defenses and maintain a robust security posture.
